

# ***Quaker State 400 Kentucky Speedway June 30, 2012***

Leave the hassle of driving and parking to the professionals! Join us for an exciting day at the Sparta Racetrack for the 2nd running of the Quaker State 400. Improvements have been made to roads and parking facilities at the track so traffic congestion will be eased. Motorcoaches, like last year, are scheduled to park directly in front of the track so you can walk right inside the main entrance to your seats. The motorcoach is just a few steps from the many "souvenir semi's", food stations, souvenir stands and more so you can come and go as you please! We have terrific seats for the race in Grandstand 5 (bench-style seats with backs, rows 27-29) just past turn four, where you can watch exciting racing action on the entire track.

This package sold out quickly last year. If you have never been to a stock car race, this is the easiest, most convenient way to see a race live and in-person. Book online or call today and get the thrill of cars whizzing by at lightning speeds!

Responsibility: For Responsibility and Limitations clause, please either visit our website [www.providentvacations.com/responsibility.html](http://www.providentvacations.com/responsibility.html), refer to our "We're Going Places" mailer, request a written statement of Responsibility and Limitations or review the clause on your payment invoice.
